**What makes NPAP unique
is the freedom of choice –**

**the freedom *to choose*
what theoretical orientation
a candidate wants to pursue,
what analyst they want to work with,
and what supervisor,
and at what pace they want to pursue their training.**

- ★ We welcome masters level graduates in the humanities, arts and sciences, law, business, as well as social work, psychology and medicine.
- ★ We offer training to those with all levels of experience – or no experience at all.
- ★ Our training fulfills requirements for the NY State license in Psychoanalysis. Candidates with an MSW or MA in Psychology can gain clinical experience towards licensing.
- ★ Our referral service provides clinical experience for all candidates and an opportunity to earn a stipend.
